

The
AREA PLAN COMMISSION
of Tippecanoe County

MPO Policy Board Meeting

Date.....June 11, 2020

Time.....2:00 PM

Place.....Tippecanoe Room

County Office Building

20 North 3rd Street

Lafayette, Indiana

Due to the public health emergency, public comment on agenda items may be submitted prior to the meeting at apc@tippecanoe.in.gov. Comments must include name and address to be heard. Comments may also be made live on the streaming platforms. Members of the public may watch the livestream of the meeting at

<https://www.facebook.com/TippecanoeCountyIndiana> and
<https://www.youtube.com/channel/UCJleeA9ZQo9EIIgDZTdjurQ>

AGENDA

I. APPROVAL OF MINUTES FROM APRIL 27, 2020 AND MAY 14, 2020

Documents:

[SPECIAL Policy Minutes 04.27.2020.pdf](#)
[Policy Minutes 05.14.2020.pdf](#)

II. RESOLUTION T 2020-03: RESOLUTION TO AMEND THE FY 2020-2024 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

- A. Replace Old US 231 bridge over Wea Creek
- B. For CityBus: add \$1,000,000 from MACOG in CY 19 Section 5307 funds; carry over \$349,105 in CY 19 Section 5310 funds; carry over \$48,000 in CY 19 Section 5307 funds; update to CY 20 list of projects

Documents:

[TIP Amendment Polic Rpt County CityBus June 2020.pdf](#)

III. RESOLUTION T 2020-04: RESOLUTION TO AMEND THE FY 2020-2024 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

- A. Construct ADA ramps on SR 38; 10 bridge work locations; asphalt overlay on US 231; traffic signal modernization at Sagamore W and Cumberland Ave; shrub

windbreak along N 100 W; widening I-65 from Wabash river bridge to 1 mile north of SR 43

Documents:

SPECIAL MPO POLICY BOARD

**Minutes
April 27, 2020
2:00 pm
Tippecanoe County Office**

Due to the public health emergency, the meeting was held virtually. Members of the public may watch the livestream of the meeting at <https://www.facebook.com/TippecanoeCountyIndiana> or <https://www.youtube.com/channel/UCJleeA9ZQo9E11GdZTdjurQ/featured>

MEMBERS PRESENT

Tony Roswarski	Mayor, City of Lafayette
John Dennis	Mayor, City of West Lafayette
Tracy Brown	President, County Commissioners
Peter Bunder	President, West Lafayette Council
Cindy Murray	Lafayette Board of Works
Mike Gibson	Chair, GLPTC
Jackson Bogan	President Area Plan Commission
Shane Spears	INDOT

Absent Voting Members

Ron Campbell	President, Lafayette City Council
Kevin Underwood	President, County Council

Non-Voting Members Present

Sallie Fahey	Executive Director, Area Plan Commission
Doug Poad	APC
Tim Stroshine	APC

President Tony Roswarski called the meeting to order at 2:00 pm.

I. RESOLUTION T 2020-02 – A RESOLUTION TO ADOPT THE FY 2021-2022 UNIFIED PLANNING WORK PROGRAM

Sallie Fahey said each year the Unified Planning Work Program is prepared for Indiana's fiscal year calendar to allocate resources and staff time. Each year, new planning emphasis areas are created for certain planning activities that staff will work on within the FY. This year, our share of the total Indiana MPO PL and FTA funds is \$373,900 which includes \$16,000 extra for hosting the MPO Conference. We also applied for an additional \$30,941 SURP Grant that is used for our work in Carroll County. This brings the total amount of new state and federal funds to \$404,841. There is an additional \$156,978 programmed from the prior year unexpended funds.

The Cost Allocation Plan calculates fringe benefit rate and indirect costs for the total overhead rate. The fringe rate this year is 36.42% and the indirect rate is 53.20% for a total overhead of 89.62%. This is important because every dollar spent in billable transportation money, \$.89 gets added. The state reimburses the county 80% of that. The county recoups \$1.52 for every direct dollar of salary spent. All funds go back to the general fund because the budget is upfronted by the County Council. If the resolution is approved today, the signed resolution will be inserted into the work program to be sent to INDOT to get us a new contract and purchase order before July 1. One of the changes that INDOT asked for had to do with making it clear that unexpended funds are estimates at this point and will be subject to final year end close out. On the resolution, instead of approving the work program, it was added that it may be

administratively amended by the Executive Director to add or subtract funds following the close of the previous funding year and final accounting.

Tony Roswarski asked if there were any questions regarding the approval of the resolution.

Jackson Bogan moved to approve Resolution T 2020-02 as presented. John Dennis seconded.

Tony Roswarski asked if there were any public comments.

Sallie Fahey said staff invited the public to respond by email prior to the meeting. As of 1 p.m., staff had not received any emails. Tim Stroshine is monitoring the livestream via Facebook and YouTube.

Tony Roswarski conducted a roll call vote. The motion was approved 8 – yes to 0 – no.

II. PRELIMINARY RECAP OF FY 2020 FEDERAL FUNDS OBLIGATIONS

Sallie Fahey said staff has been working to ensure that federal funds were expended by the May 1st, 2020 deadline. Staff has done this and has over spent by only \$.76. Some of the projects listed for obligation include additional funding for the Klondike Road railroad project, the transfer of funding to help support INDOT's US 231 study from US 52 to I65, the safety money trade with Terre Haute so we can receive the funding next year for the River Road and 500N project and the consultant contract for the South 9th Street project. She thanked everyone for making sure their projects moved along.

Tony Roswarski asked for questions on the summary of federal funds. He asked for any public comment.

III. INITIAL DISCUSSION ABOUT HOLDING THE 2020 MPO CONFERENCE

Sallie Fahey said she has been thinking about what could be going on in late September when the MPO Conference would normally be held which we are scheduled to host this year. She said it was her initial thought that this could be problematic for a few reasons. First, we may not have staff from Federal Highway, INDOT or other MPOs that would be willing to be in close proximity in September when we could be experiencing a second wave or regular flu season. We are unsure if we would be able to get speakers that are willing to come from out of town for a conference. It is not clear if the consulting firms will be able to financially support the conference as sponsors. She said she raised these concerns last month at the MPO Directors meeting. The Indianapolis and Bloomington directors preferred not to have in person conference this year. It was determined that this decision should be up to our Policy Board. It may be possible, with the help of Max Walling from the county IT department, to put together a one-day virtual conference. We would host the conference the following year presuming that we are back to full face to face conferences at that point. The theme that has been selected is Climate Solutions at the Intersection of Transportation and Land Use Planning. A virtual teaser for next year could be fun. We could possibly have Jeff Dukes from Purdue Climate Center do an introductory discussion on climate change or climate solutions and possibly have shorter sessions that could be a teaser for next year's conference. She said she would like the input of the Board before making this decision.

Tony Roswarski said these concerns are valid. He said he and John were going to host the Indiana Conference of Mayors this summer but have canceled. It was scheduled for earlier in the year than the MPO Conference, but it is still prudent. He said he thinks the teaser on climate within planning and transportation is a good idea. There is currently a lot of interest in the climate in Lafayette and West Lafayette with quite a few groups that are actively engaged. As far as the topic goes, it is very timely for what is taking place in the community. Making the decision relatively soon so everybody knows is a good idea.

John Dennis said he agreed with Tony. There is a lot of planning that goes into these events. If we were to wait until it was clear when we would reopen, it may be too late. Right now, it is a good course of action to hold tight and do the teaser concept.

Sallie Fahey said her other concern is spending a ton of staff time on a conference that is not going to happen.

Tony Roswarski asked for other comments or concerns. He said it is the consensus that this is the best direction.

Sallie Fahey said we will see what we can do to set up a one-day virtual conference the same time we would normally host the conference.

Tony Roswarski said he thinks there are a few people that will be willing to help with this.

IV. OTHER BUSINESS

None.

V. CITIZEN COMMENTS

None.

VI. ADJOURNMENT

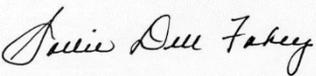

John Dennis moved to adjourn.

The meeting adjourned at 2:18 pm.

Respectfully submitted,

II. ADMINISTRATIVE MODIFICATIONS FOR THE FY 2020-2024 TIP

- A. March 24, 2020**
- B. April 7, 2020**
- C. April 13, 2020**
- D. April 16, 2020**
- E. April 21, 2020**
- F. April 27, 2020**

Sallie Fahey said she characterizes each of the modifications as ways we obligated our prior year balance money and current year allocation money by the end of the year. The first modification on March 24, 2020 sent \$573,000 in HSIP money to Terre Haute which they will return next year to use on the North River Road and CR 500N project. That was not the entirety of our FY 2020 HSIP money. On April 7, 2020, \$151,838 of HSIP money from the right-of-way phase of the McCutcheon Pedestrian Safety Project was moved to the construction phase of the Klondike Road for change orders. On April 13, 2020, we did some housekeeping to balance our books with INDOT's by moving \$640 in HSIP funds from the right-of-way phase of the McCutcheon Pedestrian Safety Project for the construction phase of the Klondike Road. On April 16, 2020 we took \$101,264 from the Concord Road project, \$39,899 from the Yeager Road project, and \$58,354 from the Twyckenham Boulevard project for the South 9th Street project. These funds were needed because the consultant contract was greater than the amount of money we had allotted in the TIP. On April 21, 2020 we moved \$33,790 in HSIP funds from the right-of-way phase of the McCutcheon Pedestrian Safety project and \$108,388 from the right-of-way of the Yeager Road project for the railroad portion of the Klondike Road project. On April 27, 2020 we took \$29,556 from the Yeager Road project, which couldn't be used on Yeager Road, and added it to money already set aside in the TIP to create \$100,000 for the INDOT US 231 study. Shane Spears and his group in Crawfordsville will be running the study and staff will be collaborating with them for the US 231 extension. As previously stated, Terre Haute was unable to use all the HSIP money for this year and left us with \$169,011 to find a home for or we would lose. Sallie said she spoke with the director for Rural Programs for Indiana and she was willing to take the money this year and repay next year to give us our full amount for the North River Road and CR 500N safety project. Doug Poad will detail the work that needs done to obligate the rest of our money, but staff is please this worked out.

Tony Roswarski thanked Sallie and her team. He said it took quite a bit of shuffling to make sure we did not lose any funding. He asked for questions or comments from the Board. There were none.

III. APC PROGRESS REPORT

- A. MPO Update**
 - Battle Ground Sidewalks Inventory**

Doug Poad said the Battle Ground Sidewalk Study is an example of what we can do to help communities. Starting late last year, it came to his attention that the Battle Ground Town Council wanted to look at their sidewalks, so they could wisely spend their funds for repairing them. After doing some searching, there was little information available in terms of methodology. He said he found a study that HWC did for Whitestown in 2017 and they agreed to let staff use their methodology. Staff started the study in November 2019 by walking all the sidewalks. The survey rated the sidewalks on a scale from 1-10 which was based off a modified PASER scale. The sidewalk ratings were condensed to 7 categories ranging from excellent, very good, good, fair, poor, very poor, or fail. With the use of GIS, maps of the various sections are displayed in the report. The report from Whitestown included a section for spot conditions. Staff decided to make this more in depth by taking pictures and copious notes about sections that are heaving, sinking, missing, cracking and being encroached by landscaping and trees. There are 8.63 miles of sidewalk total in the Town of Battle Ground. This was divided into 5 sections; Old Battle Ground, Harrisonville, Harrison Meadows, Shawnee Ridge and Quail Ridge. Overall, the majority of sidewalks in town are in very good shape at 38.5% with only 1.7% at very poor and 3.3% failed. When looking at the individual sections, there were more sections that were poor, very poor and fail in Old Battle Ground. The subdivisions to the west had newer sections of sidewalk. GIS was helpful for this study to display maps of the sidewalk conditions as well as a map that broke down each individual section and highlighted whether they were heaving, sinking, missing,

or cracking. Staff has not been able to present this report to the Town Council due to the pandemic. This is a very detailed report of the condition of the sidewalks. It took five days to walk all the sidewalks in town, so this report was fairly simple to do.

Sallie Fahey said LTAP has heard about this study and has asked Doug to make a presentation on how to do a sidewalk rating study at a conference in the fall.

Tony Roswarki said he is not surprised. This was a very thorough process and had much more detail than most reports.

Sallie Fahey said there is a link in the agenda for the full report.

Tony Roswarki asked for any questions or comments. There were none.

B. INDOT 18-Month Letting List

Doug Poad said the front page of the letting list shows only one project for April, but the back shows the projects that have an April letting date and have been awarded. The first project is the ITS Traffic Management System on I65 that was awarded to Midwestern Electric, Inc for a little over \$5,000,000. The estimated completion date is June 2021. The second project is a small structure pipe lining on I65 that does not have an award listed, but as of this morning has been awarded for \$1,200,000 and includes 6 other projects. The next two projects on US 231 for debris removal has been awarded for just under \$900,000 and includes 6 projects. The first of the last three projects listed on I65 have been eliminated. The scope on the next project has changed to a district wide bridge maintenance project and placed on the May 2020 bid letting list. The last project listed was eliminated as well. The two projects with May 7, 2020 letting dates had three bids submitted. The low bid was from Milestone at just under \$2,500,000 and was not below the engineer's estimate. The district wide bridge maintenance had one bid submitted by Reith-Riley and was above the engineer estimate. In October, there are 8 projects that are listed on the same contract. There is only one project in November. He was sent a more detailed list on Monday from INDOT District office that showed 11 more projects for October letting. Projects 19, 20, 21 on Lindberg Road, North River Road and Park East Boulevard. If these three are let with good results, all the federal funds will be used for FY 2021.

Tony Roswarki asked if there were any questions or comments from the Board. There were none.

IV. MONTHLY PROGRESS REPORT

Doug Poad said the one-page table included in the packet contains information provided by INDOT. There are quite a few projects that have obligated most of our federal funds. Since this table was created, there have been additional FMIS requests. The balance that was left on Twyckenham Boulevard has been used for the project on the first change order. The FMIS request for South 9th Street funds has been obligated. The Klondike Road FMIS request funds have been taken care of. The \$100,000 for the US 231 study has been transferred. The balance left to address is \$140,198. Sallie has suggested that these funds be transferred to CityBus for additional bus stop improvements. Marty Sennett asked if a portion of that could be used for a special software program. Next week at the Technical Committee meeting, staff will start processing a TIP amendment to include that project and will come to this Board next month to be approved. After that, we can ask INDOT to transfer the funds to CityBus.

Tony Roswarki asked for questions. Thanked Doug and Sallie for their hard work. The CityBus software sounds like a great use of funding. He is a supporter of anything that improves the bus stops.

V. OTHER BUSINESS

None.

VI. CITIZEN COMMENT

Tony Roswarki asked if any citizen comments had been received.

Tim Stroshine said there had not be any citizen comments received. There is a 30-second delay.

Tony Roswarski asked that we wait the 30 seconds to receive any citizen comments.

VII. ADJOURNMENT

John Dennis moved to adjourn. Mike Gibson seconded.

Tony Roswarski conducted roll call vote and the motion passed 8-yes to 0-no.

Yes-Vote

John Dennis
Tracy Brown
Larry Leverenz
Peter Bunder
Cindy Murray
Mike Gibson
Shane Spears
Tony Roswarski

No-Vote

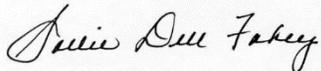

The meeting adjourned at 2:24pm.

**FY 2020-2024 TIP Amendment
Tippecanoe County & CityBus**

**Staff Report
June 3, 2020**

BACKGROUND AND REQUEST:

There are two requests in this amendment. One is from Tippecanoe County and it involves adding a Federally funded bridge replacement project. The other is from CityBus; they are revising their 2020 operating assistance and capital projects, programming new planning projects, and adding a new route planning software project.

Tippecanoe County

INDOT has approved Group IV STP Federal funds to replace the Old US 231 bridge over the Wea Creek. It is located approximately 1,500 feet south of Veterans Memorial Parkway. Preliminary engineering is anticipated to begin in FY 2021 with construction in FY 2024. In order to expedite the process so construction can occur in FY 2024, the County will be funding preliminary engineering and right-of-way with 100% local funds. The following table shows detailed information for the project.

Old US 231 bridge over the Wea Creek (des #1902754)

	Phase	Year	Federal Funds	Federal	Local	Total
New	PE	2021	----	0	204,000	204,000
New	RW	2021	----	0	146,000	146,000
New	CE	2024	Group IV STBG	240,000	60,000	300,000
New	CN	2024	Group IV STBG	1,920,000	480,000	2,400,000

CityBus

The Greater Lafayette Public Transportation Corporation, or CityBus, requests an amendment to update its CY 2020 Section 5307 operating, capital, and planning list of projects. It also includes adding \$1,000,000 in CY 2019 Section 5307 funds that were transferred from MACOG, carrying over \$349,105 in CY 2019 Section 5310 funds, and carrying over \$48,000 in CY 2018 Section 5307 funds. The table below summarizes the sources of these federal funds:

CY 2018 Section 5307 carryover	\$48,000
CY 2019 Section 5310 carryover	\$349,105
CY 2019 Section 5307 MACOG funds	\$1,000,000
CY 2020 Section 5307 funds	\$3,937,650
Total:	\$5,334,755

The following tables summarize the changes:

<i>Before</i>	Year	Project	Federal	Local	Total Cost
<i>Amendment</i>	2020	Operating Assistance	\$1,000,000	\$11,728,374	\$12,728,374
	2020	Capital Assistance	\$1,554,400	\$388,600	\$1,943,000
	2020	Planning Assistance	\$0	\$0	\$0

<i>After</i>	Year	Project	Federal	Local	Total Cost
<i>Amendment</i>	2020	Operating Assistance	\$2,100,000	\$10,628,374	\$12,728,374
	2020	Capital Assistance	\$1,906,400	\$476,600	\$2,383,000
	2020	Planning Assistance	\$304,000	\$76,000	\$380,000

A portion of the carryover and additional federal funds will be used for operating, capital and planning projects. They will be used to increase the federal participation in operating the system, as well as for cost increases for the support vehicle, and for three new capital projects (new roof, micro-transit software, and micro-transit vehicles). Some funds will be added to the pedestrian and bicycle detection system project. The fixed route bus replacement project scope has been reduced from replacing three buses to two. Federal funds will also be used for new planning projects including engineering for the expansion of the CNG station and for phase two of the strategic plan. The following justification is provided by CityBus for the new and updated projects:

Operating Assistance - \$12,728,374, Des #1700413

Growth in state operating funds for transit, known as the Public Mass Transit Fund (PMTF), and local taxes, have not kept pace with growth in expenses. CityBus needs to use more of its Section 5307 Federal funding appropriation to offset increasing operating costs. An additional \$1,100,000 in section 5307 funds will be used for operating assistance.

Support Vehicle - \$50,000, Des #1700419

Replace the 2012 Ford Edge. The support vehicle to be replaced was purchased in 2012. This vehicle will meet the requirements of FTA Circular 9020.1E in terms of age for replacement. The estimated cost of the replacement vehicle was increased based on the costs of previously purchased support vehicles which both exceeded \$30,000.

Fixed Route Bus Replacement - \$1,030,000, Des #1700420

With an amended decrease of \$570,000, CityBus will purchase two 40' buses to replace 2007 buses #1504 and #1505 rather than replacing three buses as originally programmed. Buses will be replaced per FTA guidelines as outlined in FTA Circular 9030.1D. The buses being replaced will be over 12 years in age, and all new buses will use CNG fuel.

Ped/Bike Detection System - \$250,000, Des #1801629

These additional funds will be added to the FY2018 5339 funds and will allow CityBus to procure Ped/Bike Detection Systems for the entire transit fleet.

Facility Rehabilitation - \$500,000, Des #2001173

CityBus will use \$400,000 in federal funds to replace the roof of the administrative office/garage and additional smaller rehab/replace projects will occur for the administration/maintenance facilities (such as garage doors). The roof being replaced is estimated to be in excess of 20-25 years in age.

Micro-Transit Software - \$60,000, Des #2001174

CityBus will invest \$48,000 (federal funds) in software to support and manage operations for micro-transit service. The software will have tools for scheduling trips and dispatching.

Micro-Transit Vehicle Purchase - \$180,000, Des #2001175

CityBus will invest \$144,000 (federal funds) for the purchase of micro-transit vehicles (2) to provide services to underserved areas in the community. The vehicles will be purchased and maintained per FTA guidelines as outlined in FTA Circular 9030.1D.

The following table summarizes the updated capital projects.

Item	Description	Federal Source	Federal Share	Local Share	Total Cost
1	Replacement Tires	Sec. 5307	56,000	14,000	70,000
2	Bus Overhauls: Engines	Sec. 5307	48,800	12,200	61,000
3	Bus Overhauls: Transmissions	Sec. 5307	59,200	14,800	74,000
4	Bus Rebuild Components	Sec. 5307	22,400	5,600	28,000
5	Computer Hardware & Software	Sec. 5307	40,000	10,000	50,000
6	Support Vehicle	Sec. 5307	40,000	10,000	50,000
7	Bus Replacement	Sec. 5307	824,000	206,000	1,030,000
8	Security Cameras for Vehicles	Sec. 5307	24,000	6,000	30,000
<i>Add</i>	<i>Pedestrian/Bicycle Detection</i>	<i>Sec. 5307</i>	<i>200,000</i>	<i>50,000</i>	<i>250,000</i>
<i>New</i>	<i>Facility Rehabilitation, New Roof</i>	<i>Sec. 5307</i>	<i>400,000</i>	<i>100,000</i>	<i>500,000</i>
<i>New</i>	<i>Micro-Transit Software</i>	<i>Sec. 5307</i>	<i>48,000</i>	<i>12,000</i>	<i>60,000</i>
<i>New</i>	<i>Micro-Transit Vehicles</i>	<i>Sec. 5307</i>	<i>144,000</i>	<i>36,000</i>	<i>180,000</i>
Total			1,906,400	476,600	2,383,000

Note: Projects highlighted in grey are either updated, added or new. Those in italics are added or new.

CityBus is also adding two planning projects and the following summarizes those projects:

Planning: Engineering Services - \$350,000, Des #2001176

CityBus will invest \$280,000 (federal funds) in engineering services for the expansion of the CNG fueling station.

Planning: Strategic Plan, Phase 2 - \$90,000, Des #1700412

This amendment implements the second phase in developing the strategic plan. A consulting firm will be hired to conduct five tasks including: 1) rider and non-rider surveying throughout the community; 2) boundary and taxation review and analysis; 3) focus groups of business and elected leaders and non-profit organizations; 4) researching new technology for use in public transit, and; 5) a mobility study. CityBus will use \$60,000 in residual funds from the initial study, and \$30,000 in 2020 funds for a total cost of \$90,000.

The following table summarizes the new planning items:

Item	Description	Federal Source	Federal Share	Local Share	Total Cost
1	Planning - Engineering CNG Station	Sec. 5307	280,000	70,000	350,000
2	Planning - Strategic Plan Ph 2	Sec. 5307	72,000	18,000	90,000
Total			352,000	88,000	440,000

The CityBus Board of Directors resolved to authorize the updated 2020 operating, capital and planning list of projects on January 22, 2020.

CityBus, Flexed FHWA STBG funds

Route Planning Software - \$45,000, Des #2001609

CityBus will procure transit planning software to better understand and plan bus routes. The software will help CityBus plan route changes by analyzing ridership, origin-destination data, collisions, GIS information, change in miles, and associated costs for every route change, including all changes from temporary detours to a full system redesign.

Description	Federal Source	Federal Share	Local Share	Total Cost
Route Planning Software	Flexed FHWA (STBG)	36,000	9,000	45,000

The Federal funds for this project are STBG funds will be coming from the residual balance of funds from the Concord Road trail lighting project.

The CityBus Board of Directors resolved to authorize this project on May 27, 2020.

The Technical Transportation Committee reviewed the amendment request at its May 20, 2020 meeting and recommended approval.

RECOMMENDATION:

Staff recommends approval of this amendment to the FY 2020-2024 Transportation Improvement Program by adoption of the attached Resolution T-20-03.

Resolution T-20-03

RESOLUTION TO AMEND THE
FY 2020-2024 TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Area Plan Commission of Tippecanoe County has been designated the Metropolitan Planning Organization by the Governor, and

WHEREAS, it is required that a Transportation Improvement Program be developed and include all local and state transportation projects for which US Department of Transportation funds are being requested, and

WHEREAS, Tippecanoe County and the Greater Lafayette Public Transportation Corporation (CityBus) has requested changes to the FY 2020-2024 Transportation Improvement Program as follows:

Projects	Des Number	Year	Federal Share	Local Share	Total Cost
Old US 231 Bridge, PE phase	1902754	2021	0	204,000	204,000
Old US 231 Bridge, RW phase	1902754	2021	0	146,000	146,000
Old US 231 Bridge, CE phase	1902754	2024	240,000	60,000	300,000
Old US 231 Bridge, CN phase	1902754	2024	1,920,000	480,000	2,400,000

**FY 2020-2024 TIP Amendment
Indiana Department of Transportation**

**Staff Report
June 3, 2020**

BACKGROUND AND REQUEST:

The Indiana Department of Transportation requests an amendment to update a project that is currently programmed and program 13 new projects.

INDOT plans to construct ADA ramps on SR 38 and the TIP shows construction in FY 2021. This amendment adds funding for preliminary engineering, which is also scheduled for FY 2021.

Nine of the new projects involve some type of bridge work including bridge painting (SR 25 and SR 38), thin deck overlaying (SR 25 and US 231), and scour protection (SR 25, SR 38 and US 52). Funding for preliminary engineering is being requested for all of the projects with a start date in FY 2021. Construction dates vary from FY 2022 to FY 2024.

One project, on US 231, is an asphalt preventative maintenance overlay, and it is south of SR 28. Preliminary engineering will begin in FY 2021 with construction in FY 2024.

Another project is a district-wide traffic signal modernization project and the one signal to be modernized in Tippecanoe County is at Sagamore Parkway and Cumberland Avenue. Construction is scheduled for FY 2022.

On I-65, INDOT intends to construct a shrub windbreak from CR 100W in Tippecanoe County to US 24 in White County. Blowing and drifting snow often occurs in this area due to open farm fields and additional plowing is required. This project is intended to reduce the additional plowing and reduce crashes due to the drifting. Construction is targeted for FY 2022.

The last project involves additional widening on I-65. Currently, INDOT is widening the bridges over the Wabash River and a portion of the interstate just north of these bridges. With this amendment, INDOT will be also be widening the road from the northern construction limits of the bridge project to approximately a mile north of SR 43. It is anticipated this project will be a design-build project with preliminary engineering beginning in FY 2021 and construction in FY 2022.

The following tables provide detailed information for each individual project.

*SR 25, 3.70 miles north of I-65 (des # 2000412)
Bridge Thin Deck Overlay*

	Phase	Year	Federal Funds	Federal	State	Total

LPA Comment: Email sent to MPO.

APC Comment: CN cost reduced again, is this correct? County wants to fund RR construction in first six months of FY 2021 due to a cost increase. Permit information for Rule 5 was just added this quarter.
