**PUBLIC COMMENT**

Barbara Willis – 4117 Fiddlesticks Dr., Lafayette – Ms. Willis said she and several neighbors are present to oppose and ask for consideration of changing the Tippecanoe County Fireworks Ordinance. Currently, fireworks are allowed every day of the year until 11:00 p.m. She requested an Ordinance be revised to be in line with Lafayette which allows fireworks for ten days before and after July 4<sup>th</sup> and also New Years. Rockets have been found in her yard and on her neighbor's roof; the noise is like a war zone. The continued fireworks are also a problem for dogs and dog owners.

Commissioner Knochel said Ms. Willis has a very reasonable request. The problem with addressing this issue in the past is the enforcement; the county is much larger than either of the two cities. By the time a call is made and a member of the Sheriff's Department responds; the fireworks are over.

Sheriff Brown said it is a good time to address the situation again. The complaints and the period of time fireworks are being discharged continue to grow. He proposed collecting information in regard to how the complaints have increased and return with the information at the next meeting. From an enforcement standpoint, it is difficult to control; however, it would be fair if an ordinance was in place similar to the other jurisdictions.

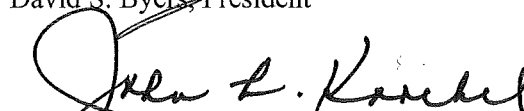

Commissioner Murtaugh said in addition to the call from Ms. Willis, he has also received a number of comments from the public expressing appreciation for the burn ban in 2012 as it eliminated the fireworks. It is time to discuss an ordinance that mirrors the City. He proposed hearing an Ordinance at the next meeting. Attorney Luhman said it has been approximately five years since the Ordinance has been reviewed.

As there were no further public comments, Commissioner Knochel moved to adjourn.

Meeting adjourned at 10:19 a.m.
