***HUMAN RESOURCES* – Shirley Mennen**

Update Sick Leave Policy

- Commissioner Knochel moved to approve the updated Sick Leave Policy, second by Commissioner Byers; motion carried.

Expansion of Wellness Center Hours

Coordinator Mennen said the Wellness Center use has increased over the past year, ranging between 96% - 98% usage. The hours will be expanded four hours; two on the nurse practitioner days; and two on the doctor days. Monday and Friday, the days the doctor is available, the clinic will open one hour earlier.

The new hours will be 1:00 - 6:00 on Monday and 9:00 – 2:00 on Friday. Thursday, the nurse practitioner days, two additional hours will be added. Thursday, the clinic hours will be 7:00 – 1:00. INTERLOCAL AGREEMENT FOR DISSOLUTION OF WILDCAT CREEK SOLID WASTE MANAGEMENT DISTRICT

Attorney Luhman said the agreement was signed by President Murtaugh last week to finalize the dissolution agreement with Clinton County. The dissolution was effective February 29, 2012 and the new district became effective on March 1, 2012.

President Murtaugh said the cooperative spirit with Clinton County made the entire process flow very smoothly, including the dividing of assets. The cash and equipment distribution was based on the tax rate that contributed to the district; 80.4% to Tippecanoe County; and 19.6% to Clinton County.

Attorney Luhman said there was cash on hand and the agreement includes an attachment of the January 31, 2012 financial statement. The statement indicates \$109,000 in the checking account and \$356,000 in a money market account.

Karen Griggs – 100 Thornbush Drive, West Lafayette: Ms. Griggs said the Clinton County Board of Directors didn't have a copy of the attachments and dissolutions because the Clinton County Commissioner was not present at the Wildcat District Board meeting.

The members are not elected officials or County employees. The first person the MITs Board requests approval for is Steve Belter, the owner of Indiana Data Line. Mr. Belter has extensive technology knowledge and involvement with local infrastructure. He has signed a Conflict of Interest, which was submitted to the Clerk's office.

- Commissioner Knochel moved to approve the appointment of Steve Belter to the MITs Advisory Board, second by Commissioner Byers; motion carried.

PUBLIC COMMENT

President Murtaugh reported on his recent trip to Washington DC. He met with all legislators, including Congressman Pence. The message from DC was "there is no money and nothing will be done until after the election". The transportation highway bill will be renewed for 18 months or two years. During the "lame duck" session, which is the time from the election through the end of the year, they will deal with Bush tax cuts, which will expire, and also mandatory cuts directed from the failed super committee.

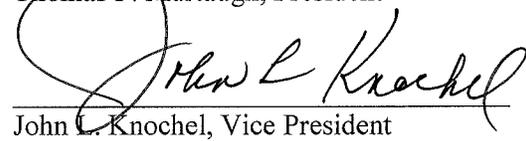

Paul Wright – 4523 S County Line Rd W, Westpoint – Mr. Wright commented on and posed the question of how does one stop the process of government spending? He said, “The request has to stop - we need to keep our own money and spend our own money”.

- Commissioner Knochel moved to adjourn.
