Commissioner Knochel asked for any further public comment on this issue before taking a vote.

Paul Wright–West Point–asked if anything other than the date of the lease had changed. Commissioner Knochel stated there were no other changes. Mr. Wright added he had evaluated the property, and agrees that it is very suitable for the storage of the TEMA equipment. Mr. Wright stated his concerns are with leasing of the property. Mr. Wright feels the lease amount is excessive and purchasing the property should be considered at a negotiated fee less than the purchase option in the lease agreement.

Her biggest concern is the juvenile detention center that is currently suspended because of the economic downturn. Ms. Harper-Scott added she feels the juvenile center is of more importance than county equipment.

Commissioner Knochel– stated that several taxpayers had contacted him and voiced their concerns and reservations pertaining to the issue of leasing property to house equipment.
