Mr. Parks stated ordinance 2010-01-CM will revise the speed limit schedule to replace the 25 mph limit on County Road 200 N, from the I-65 bridge to the intersection with 400 E with a speed limit of 45 mph. The recommended change is based on an engineering study that completed in December 2009. Stop and Yield revisions include intersections in sub-divisions that were accepted in 2009. Commissioner Knochel stated he had received several phone calls about this proposed speed limit change. Director Kuhl stated she had received one phone call opposed, three in favor, and one mention of the guardrail that was hit recently. The new speed limit will be set at the mean speed of 45 mph not the 85th percentile, which would be 50 mph. This will be consistent with what is needed and enforceable in that area. Commissioner Knochel asked Mr. Parks the percentage of vehicles that would be speeding if the limit were set at 40 mph. Mr. Parks said that 66% would be speeding at 40 mph limit. Sheriff Tracy Brown said he felt that 50 mph was too fast, adding that during heavy rain there is pooling in the center of the roadway. ASSESSOR-Samantha Steele-Coles

Tax Management Systems

Assessor Steele-Coles requested approval of the use of Tax Management Associates (TMA) for personal property auditing. TMA currently audits personal property for nineteen counties in Indiana and would only audit businesses with over \$50,000 in personal property. The assessor's office does not have the work force or the resources to audit personal property for businesses. Regional Sales Director Larry Brandon and Area Manager John Shelton of TMA stated that by statute, they are able to do this service at no charge to the county; TMA is paid from the funds generated from their audits. TMA has a presence in twelve states nationwide. Mr. Brandon stated that by law, the assessor is required to review and examine every return. Mr. Shelton stated that farmers would not be audited. Commissioner Byers asked about the process if an audit was incorrect. Mr. Brandon stated that TMA stands behind their audits. Commissioner Knochel asked Attorney Luhman if there had ever been a lawsuit in Tippecanoe County pertaining to this issue. Attorney Luhman stated that in 2002 there was a lawsuit questioning the county assessor's authority to hire an outside company like TMA to do personal property audits. The Indiana Supreme Court found that the County does have that right to contract for this service. The legislature made a change in the statute to insure payment for this service can only be from recovered funds due to their audit. Thirty-day notice is required to cancel this contract with TMA.

- Commissioner Byers moved to approve the use of Tax Management Associates as presented, second by Commissioner Knochel; motion carried.

- Commissioner Byers moved to grant permission to apply for the grant as presented, second by Commissioner Knochel; motion carried.

The annual payment of approximately \$286,000 was due on December 1. In 2007, this due date did not coincide with the 911 budget and did not fit well with the contract schedule for paying vendors.
