PUBLIC COMMENT

Michelle Blaas, *Taxpayer Advocacy Group* –said that the issue of the stoplight at CR 450 and SR 25 was discussed at the Hoosier Heartland meeting in Buck Creek recently. The stop light will be removed by the State when CR 300 N is complete and this raises a safety concern. Many residents would like that stoplight to remain until the Hoosier Heartland Corridor is finished. She went on to say that INDOT is agreeable to allowing the stoplight to stay if the County will maintain it. She is asking that the stoplight remain there as long as possible or until the Hoosier Heartland Corridor is complete.

Commissioner Knochel said that he would support leaving the stoplight in place and would make that recommendation to the Highway Department.

Ms. Blaas asked for the amounts of the software certification contract and the Wellness Center project. Commissioner Murtaugh said that the amount of the certification would be \$3,000.

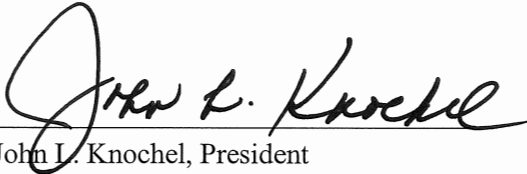

Attorney Masson stated that the basic compensation for the Wellness Center would be \$10,200 to be paid in monthly installments. Adding that any additional service will be billed at the following rates, architect \$140, project manager \$115, designer \$80, administrative \$45, and intern \$45.

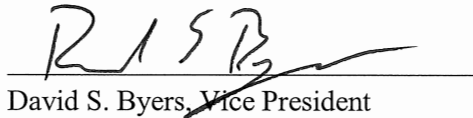

Pat Harrington, *Tippecanoe County Prosecutor*—said that on behalf of his staff and himself he would like to thank the maintenance department for ridding the courthouse of crickets.

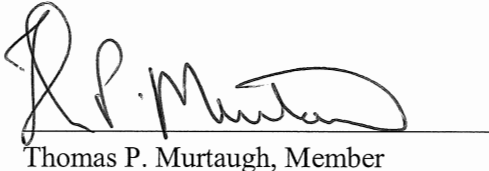

Julie Peretin, *505 Portledge Commons Drive*— presented several newspaper and magazine articles on the issues surrounding WECS to be placed in the record.
