PUBLIC COMMENT

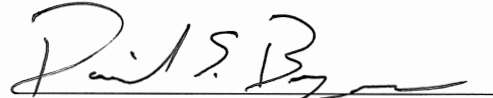

Paul Wright – West Point, asked what PERF stood for. Auditor Weston responded Public Employees Retirement Fund. He asked if the Public Employees Retirement Fund (PERF) .25% increase for 2010 is mandatory or optional. Auditor Weston confirmed the increase is mandatory by the state. He questioned the salary increase options for 2010 and the amount it would cost the county. Mr. Wright shared his concern for grant funded positions continuing when the funding is lost. Commissioner Byers confirmed grant funded positions are eliminated if grant funds are discontinued. Mr. Wright questioned Building Improvement Funding through the General Fund. Commissioner Byers explained the funds are used for maintenance of all county owned buildings. He said he doesn't understand how the commissioners can expect to increase the budget for 2010 when the economy is declining. He explained there are no repercussions for department heads using or exceeding their budgets and the taxpayers pay regardless. Mr. Wright said the meeting minutes don't reflect everything discussed; particularly his previous comments about employee parking rates for the county parking garage. Attorney Luhman stated minutes are not verbatim; by law the requirement is that they reflect general discussion and actions taken.

- Commissioner Murtaugh moved to adjourn.
