Re: RED FLAG INVESTIGATION
DES #TBD
Happy Hollow Road
Happy Hollow Trail
West Lafayette, Tippecanoe County, Indiana

NARRATIVE

The Happy Hollow Trail, from Hollowood Drive to Happy Hollow Park, will require substantial earthwork including large retaining walls similar to those on Phase 2 of the Wabash Heritage Trail. Utility impacts should be minimal, however, there are right of way impacts in the park.

SUMMARY

INFRASTRUCTURE			
As identified below the following items of concern were found within ½ mile:			
Religious Facilities	N/A	Recreational Facilities	1
Airports	N/A	Pipelines	N/A
Cemeteries	1	Railroads	N/A
Hospitals	N/A	Trails	4
Schools	1	Managed Lands	6

Grandview Cemetery is the only cemetery within ½ mile of the project. It is not in the immediate project area and is unlikely to be affected by construction.

Happy Hollow Elementary is within ½ mile of the project. West Lafayette Community School Corporation's administrative offices are also within the ½ mile buffer area. The site is at the edge of the ½ mile radius and not likely to be affected.

Mascouten Park is the only listed recreation facility within ½ mile of the project. Several other parks within the buffer area are listed as managed lands. These are Happy Hollow Park, Riverfront Park, Lafayette's municipal golf course, Lyboubt Park and McAllister Park. Happy Hollow Park is immediately adjacent to the project area and will be affected by construction. Mascouten Park is 1,000 feet south of the southern terminus. The rest are separated by the Wabash River and unlikely to be affected by construction.

Four trails are listed within ½ mile of the project. These are Phases 1 and 2 of the Trolley Line Trail, the Wabash Heritage Trail, and a connector trail between N 9th and Duncan. Phase 2 of the Trolley Line Trail is in the immediate area of the southern project terminus and will likely be affected by construction.

WATER RESOURCES			
As identified below the following items of concern were found within ½ mile:			
NWI - Points	N/A	NWI - Wetlands	11
Karst Springs	N/A	IDEM 303d Listed Lakes	N/A
Canal Structures – Historic	N/A	Lakes	4
NWI - Lines	N/A	Floodplain - DFIRM	14
IDEM 303d Listed Rivers and Streams (Impaired)	1	Cave Entrance Density	N/A
Rivers and Streams	15	Sinkhole Areas	N/A
Canal Routes - Historic	N/A	Sinking-Stream Basins	N/A

All water resources within ½ mile of the project are associated with the Wabash River which flows lengthwise through the buffer area. Happy Hollow Creek flows directly through the project area and may be affected by construction. The DFIRM data provided by INDOT shows a distance of roughly 600 feet between the edge of the floodplain and the project line.

MINING/MINERAL EXPLORATION			
As identified below the following items of concern were found within ½ mile:			
Petroleum Wells	N/A	Petroleum Fields	N/A
Mines – Surface	N/A	Mines – Underground	N/A

No mining or mineral exploration occurs within ½ mile of the project.

HAZMAT CONCERNS			
As identified below the following items of concern were found within ½ mile:			
Brownfield Sites	N/A	Restricted Waste Sites	N/A
Corrective Action Sites (RCRA)	N/A	Septage Waste Sites	N/A
Confined Feeding Operations	N/A	Solid Waste Landfills	N/A
Construction Demolition Waste	N/A	State Cleanup Sites	N/A
Industrial Waste Sites (RCRA Generators)	N/A	Tire Waste Sites	N/A
Infectious/Medical Waste Sites	N/A	Waste Transfer Stations	N/A
Lagoon/Surface Impoundments	N/A	RCRA Waste Treatment, Storage, and Disposal Sites (TSDs)	N/A
Leaking Underground Storage Tanks (LUSTs)	1	Underground Storage Tanks	1
Manufactured Gas Plant Sites	N/A	Voluntary Remediation Program	N/A
NPDES Facilities	N/A	Superfund	N/A
NPDES Pipe Locations	N/A	Institutional Control Sites	N/A
Open Dump Sites	N/A		

One underground tank has a listed location within ½ mile of the project. The owner is identified as Lifesmiles Dentistry. It is not in the immediate project area.

Provided data indicates one LUST in the ½ mile radius. The location is shown as Goodnight's Auto Care. All hazmat sites are more than 1,500 feet from the project area and unlikely to be affected by construction.

Ecological Information

The Tippecanoe County listing of the Indiana Natural Heritage Data Center information on endangered, threatened, or rare (ETR) species and high quality natural communities is attached. The ETR species on the state or federal registers are highlighted.

Cultural Resources

Part of the project is directly adjacent to an older neighborhood that may need historical clearance.

RECOMMENDATIONS

INFRASTRUCTURE: Prior coordination with the West Lafayette Parks Department will be needed to mitigate possible effects. The greatest effects are likely to be in Happy Hollow Park.

WATER RESOURCES: Coordination with IDEM, IDNR and COE may be necessary. The Wabash is an impaired waterway and floodplain issues are a definite possibility.

MINING/MINERAL EXPLORATION: N/A

HAZMAT CONCERNS: N/A

ECOLOGICAL INFORMATION: N/A

CULTURAL RESOURCES: Coordination with relevant historic preservation agencies such as WVHT or ISHPO should be undertaken to minimize any effects to the adjacent neighborhood.
