Staff Report
July 3, 2021

REQUEST MADE, PROPOSED USE, LOCATION:

Petitioner and owner South Lake Realty, by managing member Deborah Cusak, represented by surveyor Todd Starr, is seeking primary approval to replat one commercial lot (Stones Crossing Commercial Subdivision, Section 1, Lot 2) into 2 lots on 2.681 acres, located on the south side of Veteran's Memorial Parkway (VMP) and the west side of Promenade Parkway, in Lafayette, Wea 10 (SW) 22-4.

AREA ZONING PATTERNS:

The site is mostly zoned General Business, as is land adjacent to the north, east and south. R3 zoning is adjacent to the west. A sliver of Flood Plain exists along the lot line between this lot and the apartment complex to the west. The FP in this area is a recent addition to our zoning maps (Z-2823) and is believed to be accurate enough not to warrant a flood certification on the final plat. However, a legal description of the mapped area within the FP will be required.

AREA LAND USE PATTERNS:

The lot in question is an L-shaped lot with a grassed-area between O'Reilly Auto Parts on the corner of VMP and Promenade and the Foxfire at Valley Lakes apartments to the west. This unimproved area is proposed Lot 2-B; Lot 2-A has an existing commercial building with several units, mostly used for medical-related businesses. A self-storage business is to the south, another strip center is to the east with a Wal-Mart beyond that. A car wash and a McDonald's is across VMP to the north.

TRAFFIC AND TRANSPORTATION:

Veterans Memorial Parkway is classified as an urban primary arterial and Promenade Parkway is classified as an urban local road by the adopted *Thoroughfare Plan*. The required right-of-way for both roads was dedicated with the Stones Crossing final plat, so no new dedication is required and no mortgage affidavit is needed.

The city is requiring a "no vehicular access" statement along the VMP frontage. This has been shown on the sketch plan.

ENVIRONMENTAL AND UTILITY CONSIDERATIONS:

Drainage on site will be reviewed at the time of building permit issuance. City water and sewer are available; no public improvements are necessary in order to serve the unimproved proposed lot.

CONFORMANCE WITH UZO REQUIREMENTS:

Setbacks, lot widths and lot areas shown meet or exceed ordinance standards. A 30' wide Type A bufferyard is required where a lot line forms the boundary between R3 and GB zoned properties. Petitioner's representative believes a variance from this standard will likely be filed. There is a 25' platted utility and drainage easement along this lot line which the ordinance prohibits from being used as a bufferyard. This means without a variance, the actual building setback on the west side of proposed Lot 2-B would be 55'.

STAFF RECOMMENDATION:

Conditional primary approval, contingent on the following:

A. Conditions

FINAL PLAT – The following items shall be part of the Secondary Application and Final Plat approval:

1. A "No Vehicular Access" statement shall be platted along the Veterans Memorial Parkway right-of-way line.
2. All existing easements, covenants or restrictions shall be shown and referenced with the corresponding recording information (Document Number and date recorded).
3. All required building setbacks shall be platted.
4. The Regulatory Flood Elevation and Boundary for the Flood Plain along the west property line shall be shown and described.
5. The street addresses and County Auditor's Key Number shall be shown.

SUBDIVISION COVENANTS – The following items shall be part of the subdivision covenants:

6. The "No Vehicular Access" restriction shall be made enforceable by the Area Plan Commission and irrevocable by the lot owners.
