III. NEW BUSINESS

A. REQUEST TO AUTHORIZE FILING A BELATED PRIMARY APPROVAL EXTENSION REQUEST

PARAMOUNT-LAKESHORE SUBDIVISION (S-3152):

The developer, Paramount Development Group, LLC (represented by Patrick Cunningham), is requesting authorization to file a belated extension request for the primary approval granted March 20, 2002 and extended several times now expired (March 20, 2018). The preliminary plat covers a 6-lot (5 blocks and 1 outlot) commercial subdivision on 31 acres, located on the north side of US 52, approximately 1/4 mile west of Morehouse Rd., Wabash 2 (NE) 23-5.

Gary Schroeder moved to hear and approve the Request to Authorize Filing a Belated Primary Approval Extension Request for Paramount-Lakeshore Subdivision (S-3152).

Carl Griffin seconded.

Don Lamb presented the zoning map, plat, and aerial photos. Paramount Lakeshore is a preliminary plat

that was approved 18 years ago. The final plat for the northwest corner of Paramount Drive and Sagamore Parkway was filed and it was discovered that the primary approval had expired. This has been extended a few times. Under the subdivision ordinance, a belated primary approval extension can be granted so long as the petitioner first requests to authorization to file a belated primary approval extension within two years of the primary approval expiration date. This expired on March 20, but the petitioner filed before that meeting the two-year deadline. The public improvements for this site were installed years ago and the site is ready for development. Staff is recommending approval to authorize filing a belated primary approval extension request.

Jackson Bogan asked if the petitioner wanted to make a presentation or if there are any documents that needed to be shared through GoToMeeting.

Patrick Cunningham, 309 Columbia Street, Suite 101, Lafayette, IN 47901, petitioner, said he is the owner and the surveyor/engineer for this project. The sales have been slow in this area. The roads, sewer, water and drainage were installed years ago. He requested approval for the authorization and thanked the Committee.

Jackson Bogan asked if any citizen comments had been received.

Ryan O’Gara said no comments have been received.

The committee paused for 30 seconds for citizen comments. No further comments were received.

Zach Williams conducted a vote by roll call. The motion was approved 7 yes to 0 no.

Zach Williams asked the Committee members to submit their ballots where they would be received by Don Lamb electronically.

B. REQUEST FOR A BELATED PRIMARY APPROVAL EXTENSION

PARAMOUNT-LAKESHORE SUBDIVISION (S-3152):

The developer, Paramount Development Group, LLC (represented by Patrick Cunningham), is requesting a belated 2-year extension for the primary approval granted March 20, 2002 and extended several times now expired (March 20, 2018). The preliminary plat covers a 6-lot (5 blocks and 1 outlot) commercial subdivision on 31 acres, located on the north side of US 52, approximately 1/4 mile west of Morehouse, Wabash 2 (NE) 23-5.

Gary Schroeder moved to hear and approve the Request for a Belated Primary Approval Extension for Paramount-Lakeshore Subdivision (S-3152).

Carl Griffin seconded.

Don Lamb presented the zoning map, plat, and aerial photos. He said this is unusual because the request would normally be heard at the next meeting but because of the current circumstances, we are allowing the extension to be voted on this evening. This is the same property as previously heard. Staff is recommending approval contingent on any applicable conditions from the original primary approval, as follows:

CONSTRUCTION PLANS – The following items shall be part of the Construction Plans application and approval:

1. The detailed plans and driveway permit for the US 52 entrances shall be approved by the Indiana Department of Transportation.
2. American Suburban Utilities, Inc shall approve the sanitary sewer plans.
3. Indiana-American Water Company, Inc shall approve the water plans.
4. The Wabash Township Fire Department shall approve the fire hydrants. Plans for the actual placement of the hydrants shall be approved by the Indiana American Water Company in cooperation with the Fire Department.
5. An Erosion and Sediment Control Plan meeting the requirements of 327 I.A.C. 15-5 shall be approved by the Tippecanoe County Soil and Water Conservation District and meeting the requirements of the County Drainage Board as required by Tippecanoe County Ordinance #93-18-CM.
6. The County Drainage Board shall approve the drainage plans.
7. An on-site utility coordinating sheet shall be approved and signed-off by the nongovernment utility companies. If any of these utilities are being extended from an off-site location, this extension shall be made a part of the utility coordinating sheet.
8. Required bufferyard(s) shall be shown in a detailed planting plan. Bufferyards shall be installed as part of required public improvements.
9. On the grading plan, the lowest floor elevation for any building pad within 100 ft. of the FP (Flood Plain) district shall meet the flood protection grade.
10. The Department of Natural Resources (DNR) shall issue a license for any construction in the Cuppy-McClure Ditch floodway.

FINAL PLAT – The following items shall be part of the Secondary Application and Final Plat approval:

11. Except for the approved entrances, a "No Vehicular Access" statement shall be platted along the US 52 right-of-way line, wrapping around the entrance street right-of-ways to the 60-ft. setback line.
12. If there is a mortgage on this property, a recorded partial release or written acknowledgment from the mortgage company must be obtained in order to dedicate the necessary right-of-way.
13. All existing easements, covenants or restrictions shall be shown and referenced with the corresponding recording information (Document Number and date recorded).
14. All required building setbacks shall be platted.
15. The Regulatory Flood Elevation and Boundary for the Cuppy-McClure Ditch Flood Plain shall be shown. It shall also be described and certified as specified in Unified Zoning Ordinance, Section 2-26-17.
16. The street addresses and County Auditor's Key Number shall be shown.
17. The Post Office, 911, and APC Staff shall approve street names.

SUBDIVISION COVENANTS – The following items shall be part of the subdivision covenants:

18. The "No Vehicular Access" restriction shall be made enforceable by the Area Plan

Commission and irrevocable by the lot owners.
 19. The purpose, ownership and maintenance of any outlots shall be specified.

Jackson Bogan asked if the petitioner wanted to make a presentation or if there are any documents that needed to be shared through GoToMeeting.

Patrick Cunningham, 309 Columbia Street, Suite 101, petitioner, asked for approval and thanked the Committee.

Jackson Bogan asked if any citizen comments had been received.

Ryan O'Gara said no comments have been received.

The committee paused for 30 seconds for citizen comments. No further comments were received.

Zach Williams conducted a vote by roll call. The motion was approved 7 yes to 0 no.

No-Votes

Jackson Bogan asked that everyone fill out their ballots and click submit when finished. He said he will not wait because not everyone has the capability to submit the ballots at this time. He asked Zach if the verbal vote allows them to move forward.

Zach Williams said that is correct. Written ballots are required by our by-laws.

Sallie Fahey said Don has received 6 of the 7 ballots. She asked that the Committee keep in mind that staff prefers they complete the ballots before they move forward because the ballots time-out after the meeting and cannot be submitted.

C. FINAL DETAILED PLANS RESOLUTION

**RESOLUTION PD-20-03: WESTMINSTER VILLAGE WEST LAFAYETTE, INC
 (Westminster Village Cottages PD, Phase 1, Part 1) Z-2760:**

Final Detailed Plans for the Westminster Village Cottages Planned Development. The approved preliminary plans allow for the construction of multiple residential and optional mixed-use building types on a single, consolidated lot. Two initial phases are planned to contain 29 single-family detached "cottages" in total (17 in phase one and 12 in phase two). Phase 1, Part 1 contains 5 single-family "cottage" units. The property is located at 2741 Salisbury Street, West Lafayette, Wabash 7 (NW) 23-4.

Gary Schroeder moved to hear and approve Resolution PD 20-03: Final Detailed Plans for Westminster Village Cottages Planned Development.

Carl Griffin seconded.

Ryan O’Gara presented the final detailed plans. He said this planned development was approved by West Lafayette City Council on August 5, 2019. The first phase includes 17 single-family detached cottages and the second phase includes 12 cottages. Part 1 of Phase 1 includes 5 cottages and the final plat which is the entire 17-acre site. It has always been the intent that this would be a single-lot planned development with multiple buildings. This is a unique project in that it has the ability to have an unlimited number of future phases. The final detail plans could follow an open-ended utilization of the MR zone development standard for future projects which is spelled out in the PD. The single-family homes will kick off the development for future phases as the redevelopment occurs at an on-demand basis. The petitioner’s final detail plans contain construction plans for Phase 1, Part 1 and the final plat for the entire PD area meets all required conditions. Bonding is not being requested at the direction of the city and public utilities serve the site. Staff is recommending approval.

Jackson Bogan asked if the petitioner wanted to make a presentation or if there are any documents that needed to be shared through GoToMeeting.

Kyle Betz, 625 S Earl Avenue, Suite A, Lafayette, IN 47904, representative for petitioner, thanked the Committee resolution and requested approval.

Jackson Bogan asked if any citizen comments had been received.

Ryan O’Gara said no comments have been received.

The committee paused for 30 seconds for Citizen Comments. No further comments were received.

VIII. REVIEW AND APPROVAL OF THE MARCH & APRIL BUDGET REPORTS

Gary Schroeder moved to approve the March and April Budget Reports.

Carl Griffin seconded.

Sallie Fahey said there is not much to talk about. In fact, only the March report is included in the packet because the budget report is derived from our financial program called Time Keeper. The report for the salary portions comes from the timesheets which are part of the database. Since only three of us on the staff have access to that database program from home, not all the time worked at home has been entered. Once we are back in the office and staff has access to fill out their itemized timesheets, the April report can be finished. This may or may not be ready for the May public hearing. If that is the case, the April and May Budget Report will be heard at the June Executive Committee public hearing. Other than that, we have not been spending a lot of money because we are not in office.

Jackson Bogan asked if the reports will be updated once staff is back in office and communicated at the next meeting.

Sallie Fahey said that is correct.

Zach Williams conducted a vote by roll call. The motion was approved 7 yes to 0 no.

Yes-Votes

IX. OTHER BUSINESS

Don Lamb stated that he has received all the written ballots.

Jackson Bogan asked if any citizen comments had been received.

Ryan O'Gara said there were no additional comments received.

X. ADJOURNMENT

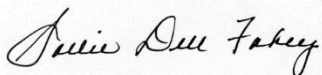

Gary Schroeder moved to adjourn.
