County Assessor Samantha Steele stated the claim for AssessCo is for a one-page questionnaire to obtain required information the system does not track. Z-2393--CHERRY CREEK VENTURES, LLC (A & R1 to RE) Ordinance 2009-04-CM: Petitioner is requesting rezoning to develop a rural estate subdivision on 29.56 acres with a total of 11 lots located on the south side of CR 650 N, Tippecanoe 19 (SE) 24-4. CONTINUED FROM THE FEBRUARY APC MEETING BECAUSE OF QUESTIONS REGARDING SEWER AVAILABILITY. FINAL CONTINUANCE.

Dan Teder from Reiling, Teder, Schrier, LLC spoke on behalf of the petitioner. Mr. Teder thanked the commissioners for the opportunity to reconsider the rezone. The request for Rural Estate (RE) includes a plan for 11 lots on a wooded site surrounded by flood plain. A requirement of the RE zoning states any portion of rural estate subdivisions should not be located closer than ½ mile from the nearest sanitary sewer having unused capacity or closer if impeded physically by a stream or a ravine or similar barrier. An easement has been prepared by the petitioner and American Suburban Utilities has approved of the easement. Mr. Teder added in his opinion, American Suburban Utility has no objections to the zoning and no immediate plan to extend their sewer line at this time. He reported the anticipated cost of the sewer line was around \$300,000 which would cost around \$30,000 per lot.

Commissioner Byers thanked Mr. Teder for the additional information received regarding the sewer.

APC Director Sallie Fahey questioned the process of a previously denied rezone. She added Indiana Planning Law says an additional hearing is only allowed when missing or erroneous information was not presented. In this case, she received a copy of the ordinance for the rezone signed by the commissioners stating it has been denied. She requested supporting documentation to attach with the rezone which reflects the most recent decision made by the commissioners.

Attorney Luhman stated the rezone was eligible for reconsideration due to a recess of the Commissioner's meeting instead of adjourning. The petitioner had the opportunity to request the rezone be postponed until the next meeting to allow for additional information to be presented. Attorney Luhman offered to prepare supporting documentation for Director Fahey's request.

PUBLIC COMMENT

Sheriff Tracy Brown reported the Governor has designated May 3-9 Corrections Officer week. Sheriff Brown recognized the hard work and dedication of Corrections Officer and the critical role they play in maintaining public safety.

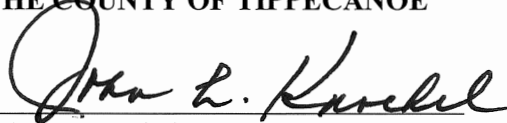

Paul Wright – West Point, stated his involvement in government started in the Assessor’s Office. He appealed his assessment and had it resolved by the Assessor. Mr. Wright explained he didn’t have a public forum to make his case to the Assessor. He thinks taxpayers should all take the same steps he did to appeal their assessments. He said he is upset about his taxes and frustrated with how the county spends his tax dollars. He believes taxpayers should pay fees on county services instead of miscellaneous taxes which often don’t apply to all taxpayers.

Sadie Harper-Scott – stated it would be most beneficial if major issues were discussed with department heads before the public meeting. She suggested issues such as those discussed today with the Assessor seemed to be personal and it would benefit the taxpayers to resolve these issues before the meeting.

Georgia Jones – gave details regarding the discussion on the AssessCo claim for the County Assessor. She stated the current assessing software does not allow for input of all property type information. Ms. Jones said the state has notified Tippecanoe County of non-compliance, and as they move forward the county must include the missing information. Ms. Jones stated positions were requested but not approved therefore the job needs to be outsourced.

- Commissioner Byers moved to adjourn.
