Revenue received in 2015 for property tax was 101.55% of the budget estimate. This amount is below the levy and will not impact 2016. Excise tax was 104%; the whole tax section was above 100%. Charges for services received were 88% of the estimate. A good chunk of the shortfall (\$300,000 of estimated) was Cary Home, of which we were aware earlier in the year. The inmate housing also fell short by \$223,000.

**2016 Beginning Balances of General and COIT Funds**

This year begins with a General Fund Cash Balance of \$9,145,040.42. With Miscellaneous Revenue and projected Property Tax, the total available is \$41,302,091.42. Deducting Encumbrances, the approved 2016 Budget, and the minimum balance approved by the Council, the beginning Net Balance is \$703,655.42. This years beginning Cash Balance is less than last year by about \$400,000 while the encumbrances went down by \$600,000 because we are not encumbering payroll. In effect, the beginning Cash Balance for 2016 is actually higher than 2015. The beginning Net Cash Balance for the COIT Fund is \$360,171.18. Circuit Breaker has now been removed and the Property Tax Revenue Estimated Levy is used. Once the Levy is received, the Circuit Breaker will be known and added back into the report.

Court Services budget finished with a cash balance of exactly \$0.00 for Fund 575 and 576. Approximately \$110,000 was taken from the Rainy Day Fund to achieve the \$0.00 ending balance.

### 2015 Revenue Report

Our interest rate will be going from 0.30% and 0.35% to 0.55% and 0.60%. This move was not anticipated at budget time last year so interest for the year should be above the estimate.

**SHERIFF – Barry Richard**

- Councilmember Metzger moved to approve the 2016 Salary Statement for the Communication Officer as presented, second by Councilmember Basham.

Sheriff Barry Richard stated this position would provide more manpower to the Dispatch/Call Answering Center which dispatches Deputies and is very understaffed. The Center has a minimum of two Dispatchers; the same as the past 35 years. The dispatched 911 calls are more than any other agency in the community – in 2015 there were over 62,000 911 calls. His proposal would create a power shift by adding a dispatcher to the 2:00 p.m. to 10:00 p.m. shift Monday through Friday when the department receives the highest volume of calls.

Councilmember Winger asked if this is the only planned additional position and if it was discussed last year during budget hearings. Sheriff Richard answered this is the only one planned at this time but it was not part of budget discussions. Instead, he has spent his first year in office evaluating staffing needs and decided this was the most urgent. Councilmember Winger stated when the Prosecutor requested three new positions; it was decided to not take action at this meeting to allow for further discussion. It's understandable the new position was not brought up at the beginning of the budget process, but if the need was known toward the end in September; it should have been brought forward. If this request is approved now it would be setting a precedent and there will be other department requests. Councilmember Metzger said there definitely is a need for the new position. Sheriff Richard said a Deputy placed on light duty has been utilized as a dispatcher for the last 6 months; however, the Deputy will go off light duty within the next month.

Councilmember Siegrist asked, since she is new to the Council, when is the appropriate time to bring up a new position request? President Williams stated during the budget cycle is the best time as the expense can be evaluated against all other requests and prioritized.

Councilmember Vernon said realizing this is a first year elected official, acknowledging the process of requesting new positions at budget time was not discussed, and the fact there is a public safety need, she would like to see the request approved. If it is voted down, given that there is a public safety need, when is the appropriate time for him to come back and request the position? She continued to say this should be a learning experience and vote in favor of hiring a new person; especially since there will be a void with the Deputy coming off light duty.

Sheriff Richard said the summary by Councilmember Vernon is exactly the way he would sum it up. The need is to provide the community with protection and services; currently it is not adequate to do the job safely. Councilmember Winger agrees with the request for approval with the understanding that this action

is not setting a precedent. New positions should still be brought up during budget hearings, even if the position is nothing more than a possibility.

- Councilmember Metzger moved to approve the 2016 Salary Statements for the revised Coroner positions as presented, second by Councilmember Siegrist.

Auditor Plantenga stated the Secretary salary was submitted as \$35,119; the COMOT IV salary for 2015. That salary request was not approved and it should be \$ 33,072. During budget time, the \$35,119 was approved in error. Also, there was much discussion about the per call pay for the Coroner Deputies. Coroner Avolt requested \$150 per call and it was reduced to \$125 per call; however, before the end of the budget hearings the amount was reduced to \$110.

- Councilmember Metzger moved to amend his previous motion to approve the Salary Statements as amended by Auditor Plantenga, second by Councilmember Siegrist.

Coroner Avolt is not present; however, Councilmember Metzger stated he discussed the revisions with her.

\$ 50,000 Departmental / Unsafe Building Structure

Building Commissioner Wolf explained the request is a contingency in case it is needed in 2016; the funds were not needed in 2015. Auditor Plantenga noted there is cash in the fund; this is merely approving the appropriation. Councilman Winger asked if there are any structures currently set for demolition. Mr. Wolf replied there are none. Councilwoman Siegrist asked what the process is for recouping any money spent. Mr. Wolf said a lien would be filed on the property; the funds would be repaid when the property is sold. Auditor Plantenga said some have been placed on the tax bill and have been recouped through the tax sale process which could cause the fund to be low at times.

- Motion carried with all Councilmembers voting in favor of the appropriation for Fund 410 for the Building Commission.

***COMMITTEE REPORTS***

Councilmember Basham noted the Romney Sewer District will hold an Open Forum meeting on January 26 at 5:00 in the Romney fire station, followed by the regular meeting at 6:00. The topic of discussion is the

report from the State regarding their application for the State Revolving Fund and the Rural Development Fund. They have approved a step system instead of the gravity system.

***UNFINISHED/NEW BUSINESS***

Councilmember Winger asked Auditor Plantenga how he will show the effect of today's salary statement approvals on future monthly financial reports. Auditor Plantenga replied, if the department only needs to transfer between budget lines it will not be reflected in any way. If an additional appropriation is approved it would be reflected in that figure. He will verify the salary requests approved today have the budget to support them. Councilmember Vernon said part of the process when a department head comes before the Reclassification Committee is to make sure the position is supported by the budget.

***COMMISSIONER FYI***

Commissioner Byers noted the following:

- January 18<sup>th</sup> is the Pork Producers supper at the Fairgrounds.
- The 111 Building is progressing and it almost completely gutted.
- The new sound system has been installed in the Tippecanoe room.
- The report on the Courthouse does indicate lead in the paint, so this will be taken into consideration when making renovation plans to the dome and roof. A contract has been signed with Kettlehut and ARSEE Engineers to proceed with this project.

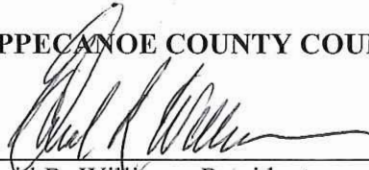

Councilmember Williams requested a tour of the 111 Building so members can view the progress and have a chance to ask questions.

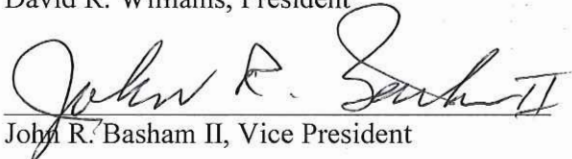

***PUBLIC COMMENT***
