

**TIPPECANOE COUNTY COUNCIL**  
**REGULAR MEETING**  
*July 12, 2011*

The Tippecanoe County Council met Tuesday, July 12, 2011 at 8:30 a. m. in the Tippecanoe Room in the County Office Building. Council members present were: President Andrew S. Gutwein, Vice-President Roland K. Winger, John R. Basham II, Jeffrey A. Kemper, Kevin L. Underwood, Kathy Vernon, and David R. Williams. Others present were: Auditor Jennifer Weston, Attorney David W. Luhman, and Secretary Kay Muse.

President Gutwein called the meeting to order and led the pledge of allegiance.

**AUDITOR'S FINANCIAL REPORT** – *Jennifer Weston*

Auditor Weston said the adjusted beginning net balance is \$1,100,815.88. Council has granted additional appropriations of \$161,657.00. Budget reductions total \$828.00 and miscellaneous expenditures of \$4,760.72 leave an uncommitted fund balance of \$935,226.16. Auditor Weston stated the Fund Balance Report shows the bottom line total growth from \$64,000,000 in May to \$77,000,000 in June. This is due to property taxes being collected and held on the Treasurer's books prior to being placed into funds. Funds typically negative through May such as the General Fund, Cumulative Bridge Fund, and other property tax funds are now positive.

Beginning Net Balance	\$ 1,100,815.88
Total Additional Appropriations	\$ 161,657.00
Total Budget Reductions	\$ 828.00
Miscellaneous Expenditures (to date)	\$ <u>4,760.72</u>
<b>Uncommitted Funds</b>	<b>\$ 935,226.16</b>

Auditor Weston gave an update on revenue for the first six months of 2011. Overall collections are at 50.1% of projections. Receipts slightly under 50% are COIT, Building Commission, Tippecanoe Villa, and Interest. Departments above 50% are the Sheriff Department of Corrections reimbursement, and the Public Defender Commission reimbursement. Departments under 50% are the Health Department, Recorder, Probation, Cary Home, Juvenile Detention reimbursement, Parks, and Fairgrounds.

COIT	just under 50%
Building Commission	just under 50%
Villa	just under 50%
Interest	just under 50%
Sheriff DOC	55.8%
Public Defender Commission	53%
Probation	45.3%
Health Department	43%
Fairgrounds	44%
Juvenile Detention	39%
Recorder	38.6%
Cary Home	28.1%
Park	33%

Councilmember Vernon asked if the \$4,900,000 General Fund cash balance would affect the budget process and if the high balance is due to the timing of the property tax collections. Auditor Weston

attributes the balance to reimbursement of property tax refunds. Over the past 1 ½ years the County has processed approximately five times the normal amount of refunds due to the high number of appealed assessments. Refunds of property tax are disbursed from the General Fund, the General Fund is then reimbursed at final settlement. Many appeals for 2008, 2009, and 2010 were paid in 2010. Councilmember Vernon asked if those refunds accounted for 75% to 80% of the \$4,900,000. Auditor Weston said the amount reimbursed was \$3,300,000. Councilmember Gutwein said typically the Council looks at revenue versus expenses when doing the budget; if the Council continues that practice the excess funds will not affect the budget. Councilmember Vernon asked what the philosophy will be during budget hearings, will the County continue to build excess funds, and what is the right amount of excess funds to have?

***TREASURER'S REPORT – Bob Plantenga***

Treasurer Bob Plantenga said property taxes have been distributed, which increases fund balances. The May interest report shows the General Fund was credited \$67,124.64, bringing the total for 2011 to \$186,396.50. Because of necessary banking changes the County may see slightly less than projected interest earnings. Accounts remaining at Chase Bank are in the process of being combined in an effort to lower fees. Lafayette Bank & Trust shows a balance of \$119,175,004.80 for May but has since dropped to about \$40,000,000 which is normal. First Financial Bank has a \$10,000,000 limit so \$14,000 will be moved to a different account. Lafayette Savings Bank showed a balance of \$13,158,936.60 for May but has decreased due to property tax distribution. The County had a balance of \$142,619,135.88 at the end of May. The average interest weight is unchanged and the weighted average rate is 0.74%. Councilmember Basham asked when the First Financial account exceeds \$10,000,000 if the excess interest goes into the General Fund. Treasurer Plantenga said any funds exceeding the \$10,000,000 are placed in a Lafayette Bank & Trust account at a lower interest rate. Councilmember Kemper asked if Lafayette Bank & Trust also had a maximum limit. Treasurer Plantenga replied yes it does.

***RESOLUTION 2011-20-CL***

**Confirmatory Designation of Economic Development Revitalization Area – Dayton-Phoenix Group, Inc.**

Councilmember Gutwein said this will be the second reading for Resolution 2011-20-CL Economic Development Revitalization Area.

Attorney Luhman said Resolution 2011-20-CL will declare the area attached to the resolution an Economic Development Revitalization Area (ERA) for a period of ten years and allow property owners in the area to apply for property tax abatement. Included in the resolution is a seven year abatement on new manufacturing equipment purchased by Dayton-Phoenix Group. Director of Operations for Dayton-Phoenix Group, Debbie Fleming, said dynamic braking resistors are manufactured at Dayton-Phoenix Group and require a large energy supply for testing. ERA incentives will allow Dayton-Phoenix Group to remain locally and make a capital investment for a high powered supply system, retain 47 jobs, and add 20 jobs over the next seven years.

Councilmember Gutwein asked for public comment on this item. There was none.

- Councilmember Williams moved to approve Resolution 2011-20-CL as presented, second by Councilmember Basham; motion carried.

**CIRCUIT COURT****General Fund 001**

Circuit Court Judge Daniels said Bailiff Sue Lohrman, a 25 year employee, retired on May 31, 2011 due to health reasons. Prior to her retirement a part time employee was hired to cover that position. Part time Bailiff Brenda Vancaster has accepted the Bailiff position. Because both positions were held for a period of time a deficit of funds for that position was created, this appropriation will correct that shortage. Councilmember Kemper said after speaking with Bailiff Brenda Vancaster he considers this the best way to correct the shortage.

The \$55,000 is for the salary of the District Coordinator and the remaining \$295,000 is for equipment for the nine counties. Ms. Wilson added that for 2011 Indiana's federal appropriation was reduced by 69%. However TEMA does have funding for the District Coordinator position through the end of August 2012.

\$45,906	Helpdesk Manager
\$39,312	Software Specialist

- Councilmember Underwood moved to approve the salary statements as presented, second by Councilmember Vernon; motion carried.

**JUVENILE ALTERNATIVES****General Fund 001**

Director Rebecca Humphrey said that this reduction is due to restructuring within the Juvenile Community Corrections department and does have a corresponding appropriation. A change in the law has reduced adult user fees, which in turn reduces the amount of funding that can be used for juvenile corrections. The overall goal is to restructure juvenile corrections so it can be self-sufficient. An open therapist/case manager position at Cary Home created the opportunity to move Tammy Patrick to Cary Home as Clinical Services Director. Denise Sullivan, a trained Multisystemic Therapy (MST) therapist, is primarily doing work from Cary Home under Cary Home's General Fund. This request would move funds from Juvenile Alternatives to Cary Home. Director Humphrey asked that any salary statement approvals be retro-active to July 1, 2011.

\$ 2,430	Social Security

**COMMUNITY CORRECTIONS – 2011-2012 BUDGETS AND SALARY STATEMENTS**  
**Truancy Mediation “B” Fund 203**

Director Rebecca Humphrey said that no increase to the General Fund would be needed for 2012 due to the restructuring of Juvenile Community Corrections. Director Humphrey said there are four funding paths for juvenile corrections. The first is the State DOC grant, second is project income user fees, third is truancy mediation contributions from school corporations, and fourth is the County General Fund. This will break apart the actual departments so that revenue and funding can be separated and tracked.

Director Humphrey said that she would be assuming truancy mediation and evidence-based programming. Probation at the intake center will take over responsibility of two surveillance officers that are paid out of the DOC grant. This will provide cross training and ownership of the Intake Center into surveillance. Cross training will also help to fill the gaps when surveillance and/or intake officers are needed. Superior Court 3 has seen a reduction in secure detention and will pay the \$48,000 for equipment leasing with secure detention excess funds. A third position will be reinstated and paid through user fees.

Councilmember Gutwein asked where the funding for the \$48,000 from Judge Rush’s court is coming from. Director Humphrey said because of reduced secure detention cost due to the average length of days in detention declining Judge Rush will transfer those funds to help fund leased equipment.

Councilmember Kemper asked if Superior Court 3 would then be coming back to the Council asking for additional appropriations. Director Humphrey said as long as the average days in detention continue to decline Superior Court 3 would not be asking for additional appropriations. Councilmember Winger said that Director Humphrey has evaluated the program and this will work over the long term.

Councilmember Vernon agreed that this is a good long term solution.

**Adult Project Income "B" Fund 216**

Community Corrections Director Dave Heath said the separation of Adult and Juvenile Corrections has become necessary because it was becoming difficult to manage them together. Due to the switching of priorities from work release to home detention, Community Corrections has seen a reduction in workforce which accounts for the reduction in salary statements. About 60 people were switched from work release to home detention. There are no plans at this time to reduce work force any further. New home monitoring equipment has been very successful. There are currently 48 individuals in work release, which is about half of what it was before focusing on home detention. Community Correction's budget is mostly unchanged except for the reduction in personnel. However, unemployment benefits for those individuals are unknown. Councilmember Winger asked how the outcome of home detention is measured. Director Heath said that new monitoring equipment has GPS capabilities and makes home

detention a more acceptable path. Councilmember Winger asked about the future of work release. Director Heath said that is unknown at this time, but if the State makes changes to sentencing work release could increase. The goal is not to send any “D” felonies to state prisons. If the State is going to save money with sentencing changes then there should be a local funding mechanism. Individuals who are on home detention will return to work release if they do not pay user fees for home detention. When individuals do not pay or obey the rules there must be an immediate response. Councilmember Kemper asked if the reduced number of work release participants was affecting the county’s road crew. Director Heath said the number of offenders does seem to be continually going down and that does reduce the number of road crew participants.

### **AUDITOR**

#### **Plat Book Fund 165**

Auditor Weston said that currently a property transfer clerk is paid 50% from the General Fund and 50% from the Plat Book Fund. Upon review of the cash flow for the Plat Book Fund it shows that although the cash balance has increased the County is spending about the same amount brought in each year. Funding the property transfer clerk position fully from the Plat Book Fund would free up the General Fund for part time position to scan and document the homestead worksheets required by the State. Auditor Weston added that for the 2012 budget this position would be requested to be funded from the Plat Book Fund; however, the cash balance would not be able to sustain the position at 100% going beyond 2012.

#### **Additional Appropriation \$11,929**

\$11,081	Salaries & Wages / Part Time Regular
\$ 848	Social Security

- Councilmember Winger moved to approve the appropriation as presented, second by Councilmember Kemper; motion carried.

#### **Fairgrounds Donation fund 117**

Commissioner Byers said the Cattle Barn at the Fairgrounds is complete. The final estimate for the building was \$220,000 and it is the County’s goal is to raise 1/3 of that from private donations. Donations included \$50,000 from The Tippecanoe Cattlemen, \$25,000 from Tippecanoe Farm Bureau, and \$7,000 from the Tippecanoe County Dairy Boosters and a few private donations. This will appropriate funds needed to finalize the Cattle Barn. Remaining funds will go toward other fairgrounds projects.
