Disregarding projected property tax for the year miscellaneous revenue is at 84.5% putting the County on target to meet projected revenues for the year. The County has received over 50% of the property tax due and the remainder will be received in December.

TREASURER'S REPORT

Treasurer Plantenga stated September interest earnings do not reflect a large amount of property tax. The General Fund does show interest earnings of \$26,400.04. That amount is comparable with May, which did include property tax. Treasurer Plantenga noted interest rates remain unchanged. Chase Bank shows a Homestead Credit Rebate balance of \$128,203.85; those funds will soon be turned over to the state as unclaimed money. However, about \$70,000 of that money, earned interest, will go to the General Fund. Lafayette Bank & Trust is paying .60% and shows \$42,000,000. First Financial Bank is paying 1.75% however; there is a maximum balance of \$10,000,000. Lafayette Savings Bank balance is paying 1.39% and has a balance of \$24,000,000. Lafayette Bank & Trust does not charge the County banking transaction fees with a minimum balance of \$31,000,000. The average interest rate is .87% and the weighted average is .98%. Sixty percent of fall taxes have been collected.

ORDINANCE 2010-23-CL – *Innkeepers Tax Audit and Collection Procedures, First Reading*

Attorney Luhman said that the Treasurer and those entities who receive funding from the Innkeepers Tax have become increasingly concerned that some of those establishments have failed to report those taxes on a monthly basis as required. Innkeeper's tax is collected from the patrons of those businesses to help support the Lafayette & West Lafayette Visitor's & Convention Bureau, Department of Natural Resources, Historic Prophetstown State Park, Greater Lafayette Chamber of Commerce, and the Wabash River Enhancement Corporation. Currently the Treasurer is unable to monitor or enforce the monthly reporting of those taxes. This ordinance would allow the Treasurer to hire an outside consultant to audit those establishments that may not be reporting and remitting those taxes on a monthly basis. The results of that audit will be shared with the establishments in question and if the audit shows an overpayment, those funds will be remitted back to the establishment. If the audit shows an underpayment, a statement will be sent to the establishment payable within 30 days. If it is determined that an establishment has failed to file or pay the tax they will be responsible for the cost of that audit. Although state legislation indicates the Innkeeper's tax rates and disbursement percentages, the Council has authority to allow or disallow the tax within the county.

- Councilmember Winger moved to approve Ordinance 2010-23-CL as presented, second by Councilmember Basham.

Auditor Weston recorded the vote:

Basham	yes
Gutwein	yes
Kemper	yes
Underwood	yes
Vernon	yes
Winger	yes

Ordinance 2010-23-CL passes 6-0 on first reading.

RESOLUTION 2010-20-CL – *Amendment to Tippecanoe County Police Retirement Plan*

Sheriff Tracy Brown introduced Elaine Beatty with McCready and Keene Inc. to clarify Resolution 2010-20-CL. Ms. Beatty said that in June 2009 an addition to the Indiana Statute enables the County Police Retirement Plan to provide a service purchase feature. It concerns other public service that may be purchased by a participating member in each county's retirement plan. It will be at no cost to the County's fiscal body. It allows a member who is participating in the retirement program to purchase an equivalent amount of time, that was served in another public retirement fund in Indiana, by his or her own source of revenue and only if the other public service time does not result in a benefit payable under another public plan, if that time was short enough that it does not result in a PERF benefit. It is for benefit calculation purposes only and the employee is responsible for the full cost. It is not required but it is an option for members. Attorney Luhman reviewed the plan and requested a few changes. He said Resolution 2010-20-CL would approve the first amendment to the Tippecanoe County Retirement Plan. He added the Council is able to approve the resolution today and the Sheriff's Merit Board can approve it after reviewing the requested changes, noting it would not need to return to the Council.

- Councilmember Kemper moved to approve Resolution 2010-20-CL as presented, second by Councilmember Underwood; motion carried.

General Fund 001

Auditor Weston said Health Fund 310 should be a non-negative fund at year's end and in order to avoid a shortfall an appropriation is needed to cover claims for the remainder of 2010. She said the actual amount needed could be as much as \$513,000 or as low as \$250,000. Year 2011 should be better because of the changes made to the County's health insurance plan. Human Resources Coordinator Shirley Mennen added that a refund of an unknown amount would be returned to the County due to an error by a provider. However, those funds will not be returned to the County until the provider has refunded them to CIGNA. Attorney Luhman stated any amount appropriated, but not used, would rollover to 2011. He reminded the Council there would not be another opportunity to appropriate these funds in 2010. After some discussion, the Council decided it would be best to appropriate the entire \$500,000 that was advertised, and allow the Auditor to transfer only what is needed to cover a shortfall, the rest would remain in the General Fund.

RESOLUTION 2010-22-CL – Endorsing an Amendment to the Economic Development Income Tax Capital Improvement Plan

Attorney Luhman stated in 1989 Tippecanoe County imposed an Economic Development Income Tax (EDIT). One of the conditions of using the revenue from that tax is the County must have a plan for how the revenue will be used. The EDIT Capital Improvement Plan is a description of each project the County has designated to be funded with the EDIT revenue. Attorney Luhman said each year during the budget process the Council determines which needs of the County would be funded with proceeds from EDIT. From time to time additional projects arise and the plan is amended to include those projects. This resolution would endorse the Commissioners' actions in amending the Economic Development Income Tax Capital Improvement Plan by providing additional funding for those projects that the County Council decides should receive additional EDIT money in 2010.

The additions are as follows:

Project	# 3	Corner Markers	\$209,726
	# 6	Graphical Information System (GIS)	\$255,506
	# 7	Warning Sirens (Emergency Management)	\$ 20,000
	#10	Information Technology Updates	\$831,795
	#19	Lafayette – West Lafayette Economic Development Commission	\$ 75,000
	#24	Parking Garage	\$497,200
	#27	Hoosier Heartland Corridor Project	\$ 10,000
	#38	Grant Coordinator	\$ 63,108
	#40	Grant Contingency Fund	\$ 10,000
	#43	Economic Development Incentives Fund	\$900,000
	#46	Economic Development Professional Services	\$ 30,000
	#49	Wabash River Corridor Enhancement Enabling Funds	\$ 75,000
	#50	Economic Development Travel & Training	\$ 7,500
	#51	County Employee Training Certification	\$ 10,000
	#53	Self-Insured Liability Fund	\$100,000
	#54	Environmental Service Response Fund	\$ 11,000
	#56	HVAC Repair & Maintenance	\$150,000

Attorney Luhman noted project 56 originally had funding of \$100,000; the Commissioners have increased that amount to \$150,000 to reflect the bids received for the Chiller Replacement Project.

Attorney Luhman described the following amendment to the plan as follows:

Project 56 HVAC Repair & Maintenance was last amended in 2008 when repair work was done on the courthouse, 629 building, and jail. This amendment would include the County Office Building, Tippecanoe County Jail, 629 North 6th Street, and the Tippecanoe County Courthouse.

Attorney Luhman described five new projects to be added to the plan as follows:

- Project #64 would provide funding for ongoing maintenance of the shared staff vehicle, which is estimated at \$1,000 per year.
- Project #65 would provide funding for Professional Services for the 2012 General Reassessment. The estimated cost is \$1,150,000; in 2010, EDIT would fund \$450,000.
- Project #66 would provide funding of \$200,000 for the storage of emergency management equipment.
- Project #67 would provide funding for the installation of fiber optic and other communications infrastructure at the County Office Building and the County Extension Office. The total cost of the fiber optic project is \$85,000.
- Project #68 would provide funding for remodeling the County Office Building to provide facilities for an employee Wellness Center. The total cost would be \$150,000 with a grant of \$100,000 in fiscal year 2010 and \$50,000 in fiscal year 2011.

Attorney Luhman stated there are two parts to using EDIT money; there must be a plan including the project stating how much EDIT money would be used and there must be an appropriation from the Council before that money can be spent. Councilmember Vernon asked if the \$200,000 for TEMA would be used for the buildings at the Fairgrounds and if there were plans for another storage area offsite. Commissioner Byers said the \$200,000 would be used for the new buildings at the Fairgrounds. Councilmember Vernon went on to ask if Wildcat Creek Solid Waste District had considered the decontamination unit stored by TEMA for use. Commissioner Byers stated the decontamination unit that is for emergency use is not a practical solution. The unit is a very large portable trailer primarily used in the event of a large-scale emergency allowing the decontamination of many people in a short amount of time. Commissioner Byers added the Commissioners are continuing to look at the solution to the needs of Wildcat Valley Solid Waste District. Council members Vernon and Winger asked if the \$1,000 for the maintenance of the county vehicle could be funded from another source, as it is primarily an operating expense.

Commissioner Murtaugh gave an update on the build-out for the Wellness Center. The three alternates were rejected and the County has approved the lowest base bid of \$149,500 by C.F. Jones. He went on to say the bids for the Chiller project came in for less than the budgeted amount and that bid has been awarded to D. A. Dodd.

- Councilmember Kemper moved to approve Ordinance 2010-22-CL endorsing the amendment to the Tippecanoe County Economic Development Income Tax Capital Improvements Plan, second by Councilmember Basham; motion carried.
