She was not involved in applying for this grant and has no other information regarding the classes. Councilmember Vernon questioned the necessity of attending training classes outside the state and asked what other costs are involved for travel and accommodations. Commissioner's Assistant Frank Cederquist explained the travel request has been approved pending the approval of this request. Other travel costs include airfare, hotel, and meals in Houston; and mileage to and from Nashville. These costs are to be paid from her Travel and Training budget, which has a balance of \$13,678 due to an intra-series transfer of \$14,900 from the Consultant line to Miscellaneous Expenses, then to Travel and Training. Councilmember Kemper asked how specific the courses are; if they are related to reassessment; and if they are necessary for her to run the department. County Assessor Samantha Steele was not present to respond.

Additional Appropriation: \$825

\$ 825 Travel & Training/Training Costs

- Councilmember Gutwein moved to table the request until the October 13, 2009 meeting to allow Ms. Steele the opportunity to reply to these questions, second by Councilmember Winger; motion carried.

CIVIL TAXING UNIT 2010 BUDGET REVIEW**Town of Battle Ground**

Councilmember Underwood stated the only increases in terms of salaries are to law enforcement and one other part-time employee being given a \$0.25/hr increase. Everything else was flat-lined from the previous year.

- Councilmember Basham moved to recommend the budget increase be kept within the growth quotient of 3.8% and keep salary increases in the budget consistent with other units, second by Councilmember Kemper; motion carried.

Town of Shadeland

Councilmember Underwood stated there are no salary increases in the proposed budget. All funds appear to be in line with other taxing units.

- Councilmember Gutwein moved to recommend the budget increase be kept within the growth quotient of 3.8% and keep salary increases in the budget consistent with other units, second by Councilmember Basham; motion carried.

Greater Lafayette Public Transportation Corp. (City Bus)

Councilmember Gutwein explained City Bus is in the middle of a three year contract with the drivers and does not have the salary flexibility of the other jurisdictions with respect to increases. Despite this increase, they have maintained the budget to stay within the 3.8% growth rate. City Bus makes good use of the vehicles, getting as much life as possible and stretching resources to accommodate riders. In comparison with the public transportation systems in other Indiana communities, greater Lafayette enjoys one of the lowest costs per rider in the state.

- Councilmember Gutwein moved to recommend the budget increase be kept within the growth quotient of 3.8% and keep non-contract salary increases in the budget consistent with other units, second by Councilmember Kemper; motion carried.

Tippecanoe County Public Library

Councilmember Winger stated the budget encompasses the downtown location, Klondike branch, and the Ivy Tech campus location. Some salaries are increased due to reclassifications of certain positions and minimum wage requirements. Attorney David Luhman asked for clarification if the overall budget

increase is under the 3.8% growth rate. Councilmember Winger affirmed it is less. Attorney Luhman confirmed this action is to be a non-binding recommendation.

- Councilmember Winger moved to recommend the budget increase be kept within the growth quotient of 3.8% and keep salary increases in the budget consistent with other units, second by Councilmember Gutwein; motion carried.

West Lafayette Public Library

Councilmember Vernon reported the library works in cooperation with the Tippecanoe County Public Library, Purdue University, and area schools, extensively using volunteers to accomplish goals. The library underwent an energy saving program that will save them approximately \$20,000 in utility costs. The library parking garage serves as part of the City of West Lafayette's strategic parking plan, adding 145 places for the library and businesses in the surrounding area. Library Director Nick Schenkel addressed the council stating the boundaries were set in 1971 and do not change. Partnering with local, regional, and state libraries aides in keeping costs down and as a result the cost of circulation per capita is below average for Indiana.

- Councilmember Winger moved to recommend the budget increase be kept within the growth quotient of 3.8% and keep salary increases in the budget consistent with other units, second by Councilmember Gutwein; motion carried.

UNFINISHED BUSINESS

The Tippecanoe County Council will meet at 7:00 p.m. on October 6, 2009 in the Tippecanoe Room in the County Office Building to receive public input on the proposed 2010 county budget.

NEW BUSINESS

None

PUBLIC COMMENT

Paul Wright – asked about the status of the budget and tax statements. He is concerned that if the current budget is approved it would cause taxes to increase during a downturn in the economy. He challenged the council to control spending and hold down the budget rather than increase it as much as legally allowable.

Michelle Blaas – spoke out against the allowable maximum 3.8% increase in the tax levy. She distributed an article from the Muncie Star Press noting the Delaware county 2010 budget has been cut 25% from 2009.

Tom Murtaugh – Teresa Duncan from the MITS department and Heather Maddox from Voter Registration & Election are heading the United Way campaign for the county. The county team for the Leukemia & Lymphoma Society will be holding a cookout on the roof of the parking garage on September 18th to raise funds and awareness.

- Councilmember Kemper moved to adjourn.
