Total budgeted interest for 2008 was \$1.3 million; to date a total of \$1.2 million has been deposited and he expects to surpass the budgeted amount in December. A total of \$130 million in tax payments were posted with a \$145 million in net taxes billed in 2008.

RESOLUTION 2008-48-CL; Amendment to Tippecanoe County Police Retirement Plan

Sheriff Tracy Brown requested approval of the proposed resolution for an amendment to the Tippecanoe County Police Retirement Plan. Elaine Beatty from McCready & Keene spoke regarding benefits for Merit Officers of the Sheriff's Department Retirement Plan. As a provider of retirement plan benefits for the Sheriff's Department, McCready & Keene provides recommendations to the plan as necessary as required by state law. The amendment provides a modification as warranted by the government for the plan benefits regarding plan maximums. The proposed amendment that is required to be adopted by December 31, 2008 has no fiscal impact on the Sheriff's Department Police Retirement Plan.

Attorney Luhman confirmed the proposed changes have been approved by the Sheriff's Department Merit Board.

McCready & Keene is also working with the Sheriff's Department to provide a Personal Savings Account for Deferred Retirement Plans. Elaine Beatty confirmed her firm is in the process of making presentations to the employees of the department to offer the new benefit.

- Councilmember Byers moved to approve Resolution 2008-48-CL, second by Councilmember Underwood; motion carried.

LOCAL UNITS – BUDGET/LEVIES REVIEW

Attorney Luhman explained HB 1001 is requiring county council to review budgets from governmental units. Units which impose taxes and have elected fiscal bodies should be reviewed and recommend approval or provide recommendations as to how the budgets should be amended. Units with non-elected boards the council should review and adopt the budgets.

Auditor Weston provided a spreadsheet of the governmental entities for review. She reported the 2009 certified values are not available, which would provide a more accurate picture of levies and rates. The estimates provided, for advertising purposes.

Miranda Bucy from the Department of Local Government Finance stated the spreadsheet does not provide information regarding general fund and township assistance levies. She explained several entities show a substantial increase in budgets due to various reasons. She added with the basic budget information provided, it will be difficult for the council to accurately compare budget information.

Judy Rhodes, Clerk/Treasurer for the City of West Lafayette, stated she looks forward to the collaborative process among the finance bodies and officials of the county. She added the entities are hindered by the timeline set by the state for the review by county council. With the information provided, Ms. Rhodes believes the review process will be difficult due to the projected budgets provided to the Auditor. The budget cycles may vary for different entities which do not coincide with the new guidelines. Ms. Rhodes suggested this is a prime opportunity for local government to devise its own process that is more meaningful.

Councilmember Vernon suggested the council consider forming a committee to review this process and create a foundation for review in 2009.

- Councilmember Vernon moved to accept the summary for Tippecanoe County Units Budgets, Levies, and Rates estimated for 2009 including adoption of Non-Elected Board budgets, second by Councilmember Michael; motion carried.
